

## SAP Young Professional Programme is back!

With exceptional talent we can exceed our clients expectations. Are you the talent we are looking for?

“Don’t be afraid to try something new because that’s how you grow”

**Cristina Iancu**  
Young Professional Alumni

We want to be a source of **inspiration**. We are ready to welcome you in a friendly environment where you can expand your skills and knowledge as you dive into your career.

All you have to bring is your eagerness and enthusiasm, and we’ll work to provide you with more than just a job, but also an experience, a place where boundaries are not enforced, and a place where you can get inspired to do and learn exactly what you want.

We have the means and the know-how, while you have the enthusiasm and inspiration. With us, you’re in charge of your career.

**Get inspired at Deloitte ERDC!**

The first step to the career of your dreams is finding your fit. At **Deloitte ERDC** you will have the opportunity to learn, grow and thrive while working with the best of the best in a young, dynamic environment. Check out our open positions below, scan the QR codes and give us a sign.

**Deloitte ERDC**

**About the Programme**

Our programme is the gateway to the fascinating world of SAP. It starts on July, runs for 3 months, teaches you the fundamentals of the following:

- SAP Procurement
- SAP Manufacturing
- SAP GTS
- SAP SALES
- SAP Finance
- SAP Technology & Cloud

You will participate to trainings, shadow a consultant in a real project and have your own tasks. Yeah, it's a hands-on internship! And, of course, it is paid! It is your chance to learn, apply, work with some of the best consultants and also have fun during the collaboration.

**What we offer**

At Deloitte ERDC, young talents matter. From technical trainings and hackathons to fun offsite events, our programme is where passion and opportunity collide. The bold, fast-paced culture at Deloitte ERDC will have you building and shipping from day one. You'll learn from experienced colleagues the fundamentals of **SAP** and how a project is delivered. You'll work on real projects with real impact and meet clients representing a variety of industries and environments, as we'll help you make a smooth transition from student to professional. You will also apply the learnings by shadowing our Technical Experts in solving complex technical cases for our customers.

**About the Team**

A key part of our business is delivering business transformation through SAP enablement. We deliver a variety of engagements ranging from high value strategic advice and assurance to full scale implementations. We support our clients to deliver new business models, improve business performance and launch new markets and services through effective business application selection, design and implementation. Deloitte has long-standing relationship with SAP and has received multiple partner awards in recognition of our work, which spans thousands of clients across all major industries. We have unparalleled experience across **Supply Chain, Finance, HCM, CRM, Governance Risk & Compliance (GRC), Business Intelligence and Enterprise Strategy.**

**Join us!**

## What's in it for you?

You will benefit from SAP certification courses fully funded by us and you will have access to dedicated trainings for the SAP modules you want to specialize in. You will work on SAP implementation projects for worldwide customers from all industries (pharma / automotive / production / retail / telecom) and with the latest SAP Solutions, i.e. SAP S/4HANA. You will take part in all the stages of development of a SAP project and you will discover our agile way of working and our flexible schedule.

## About Deloitte and SAP Alliance

Deloitte can help our clients respond confidently to ongoing disruption—to become a Kinetic Enterprise capable of evolving to meet tomorrow's business needs. Our team deeply understands what it takes to deliver results. We have been working side by side with SAP for three decades, which has given our alliance with SAP a reputation for excellence and an extensive track record of results when it comes to enterprise transformation.

Deloitte has earned **139 awards** over **6 years (2016-2021)** internationally, ranking as SAP's top revenue influencer globally with a well established leadership position.

“It's the ideal place for a fresh graduate to learn from”

**Florian Cocoş**  
Young Professional Alumni

You bring the ambition, we will provide the opportunities.

## Why Deloitte ERDC?

Deloitte European Delivery Centre in Bucharest delivers for some of the biggest Deloitte projects across Europe.

Opening mid-2016, the SAP team has already more than **300 colleagues** and is set to grow exponentially. We are extremely proud of **our award-winning SAP team**, who has received **multiple and consecutive SAP Pinnacle Awards during the last 7 years.**

We strongly support our team members' career path, either for developing lateral skills or for upskilling, involving our best trainers and the latest technologies.
